Introduction

Overview

Waka Pacific Trust is the owner and operator of Due Drop Events Centre and Wero Whitewater Park. The organisation inherently believes in “achieve”, and our Trust’s facilities and programmes are designed to deliver remarkable outcomes for our youth and community.

Due Drop Events Centre is committed to be the largest free schools programme in New Zealand for arts experiences delivered by a venue. Together with sponsors and our partner arts organisations and educators, we are proud to offer free high-quality arts educational programmes and subsidised events to thousands of students. For nearly a decade, we have been an official Learning Experiences Outside the Classroom (LEOTC) provider for the Ministry of Education and has consistently exceeded attendance targets and requirements for the past five years. It is also a commercial venue which has been visited more than 2.2 million times in the past decade.

Wero Whitewater Park was opened in April 2016 and is committed to provide the largest schools programme and youth experience for white water experience in the world. Whether the programme is about youth development and instilling self-confidence, water safety, teamwork, risk-taking, or high-performance sport, Wero Whitewater offers the unique opportunity for our community to engage alongside the world’s best. We currently deliver our programmes with our on-site partner John Walker Find Your Field of Dreams. In 2025, the opening of Wero Climb will further expand our offering for activities in the community. This is a commercial park open to the public.

Rationale and Approach

Waka Pacific Trust is committed to safe events, sport and recreation for children¹. We are committed to child protection and its responsibilities under the Children’s Act 2014.

Children can be harmed through their experiences of events, sport and recreation. This harm can take many forms including physical and sexual abuse, emotional abuse, bullying, put-downs, inappropriate cultural practices, and other harmful practices. Regardless of their nature, harmful practices have no place in children and young people’s activities.

Waka Pacific Trust believes that:

1. Children have a right to participate in events, sport and recreation that is safe and where they are protected from harm
2. Children should be able to participate in a sport and recreation environment that is free from risk or danger
3. They should also feel respected, valued and encouraged to enjoy their participation and to reach their full potential
4. The Trust and its staff have a duty of care and must take steps to ensure that children can participate safely in the activities provided.

¹ For the purposes of this policy, a ‘child’ is defined in the Children’s Act 2014 as anyone who is under the age of 18 years and is not married or in a civil union.

To ensure a safe experience for children at the events centre and white-water park, Waka Pacific Trust will enforce a four-pronged approach that involves:

1. Preventing known or potential abusers from having contact with children
2. Removing and/or minimising any risks of, and opportunities for, harm to children
3. Identifying and stopping inappropriate behaviour if it occurs
4. Providing support to the children and their families should a child be harmed

This document outlines this approach in more detail with the following:

1. Child Protection Policy
2. A flow chart for responding to suspected or disclosed abuse
3. An audit tool for organisations to use to check their current approach to keeping children safe
4. List of legislations that is relevant in some way to keeping children safe
5. A chart identifying types of harm that should be managed

Section 1: Child Protection Policy

Policy Statement

Waka Pacific Trust is fully committed to safeguarding the welfare of all children in its care. We recognise the responsibility to promote safe practice and to protect children from harm, abuse and exploitation while participating in our activities.

Staff and volunteers will work together to embrace difference and diversity and respect the rights of children.

For the purposes of this policy and associated procedures, a child is recognised as someone under the age of 18 years.

Our child protection policy is based on the following principles:

1. The welfare of children is the primary concern
2. All children, whatever their age, culture, disability, gender, language, racial origin, socio-economic status, religious belief and/or sexual identity have the right to protection from all forms of harm and abuse
3. Child protection is everyone's responsibility
4. Children have the right to express views on all matters which affect them, should they wish to do so
5. Our organisation will work in partnership with children and parents/carers to promote the welfare, health and development of children.

Policy Objectives

The aim of this Policy is to promote good practice through:

1. Promoting the health and welfare of children by providing opportunities for them to take part in activities safely
2. Respecting and promoting the rights, wishes and feelings of children
